Stewardship for Life is the Ministry vision for RBCPC. We seek to communicate Stewardship for life, as a concept emphasizing how we are to take God everywhere with us and that stewardship is everything we do with our lives. The Stewardship elders are working to educate our members and spread the Good News of RBCPC's impact locally and globally. We want to answer the congregation's question, "Where does our money go?" Most of us understand bills, the building and staff, but there is so much more that RBCPC does to further the kingdom of God. We are developing a year-round emphasis on Christian stewardship for all ages. Introducing "Stewardship for Life videos," to alert our members of the outreach that RBCPC has in the community and worldwide. Look for us in worship and in action serving God. The Bible clearly teaches that stewardship is obedience to God that is why the Stewardship for Life Ministry will focus on the task of enlightening all of us to His everlasting love.
